

Caithness Moxie Freedom Power Plant

Project Highlights

Strong operating experience and technical abilities offered a resource that adds significant value

Project Overview

EthosEnergy was contracted for full care, custody and control Operations and Maintenance, including mobilization for Caithness Moxie Freedom Power Plant in Luzerne County, Pennsylvania, developed by Caithness Energy, L.L.C and Moxie Energy, LLC.

Key Challenges

- + EthosEnergy's strong operating experience and technical abilities allow us to be a partner that added significant value to the Freedom project

The EthosEnergy Solution

Our proven approach to turnkey operations and maintenance gave Caithness and Moxie the confidence we could deliver performance in all aspects of their new technology green-field project. Our comprehensive, risk management approach applied in three critical areas, plant performance, regulatory compliance and commercial / financial execution, will ensure that we are maximizing the return on investment for Caithness and Moxie.

Through our relationship with Caithness, we were able to understand their key drivers for this project and align ourselves with them and Moxie to provide a focused solution.

EthosEnergy's O&M systems focus on maximizing plant performance and availability, mitigating risk, complying with all regulatory requirements, transparent and regular communication, reliability, cyber security and risk management expertise
