

GE LM Accessory Services

Product Sheet

EthosEnergy Accessories and Components provides OEM approved and independent overhaul services for GE LM gas turbine accessories used in industrial, marine, military, power generation and oil & gas applications.

EthosEnergy Accessories and Components is a **Parker Hannifin** authorized distributor and global maintenance service provider and distributor of GE LM and LMS series industrial fuel and oil system products.

EthosEnergy Accessories and Components is a **Woodward** Authorized Independent Service Facility (AISF).

We provide a single integrated service solution, simplifying the supply chain and delivering your equipment on time and on budget to meet your maintenance requirements. Our experienced engineers can apply OEM approved refurbishment services or independently developed customized maintenance solutions that meet your unique requirements. With 30 years' experience in overhauling gas turbine accessories, you can rely on EthosEnergy Accessories and Components to deliver tailored solutions for your individual requirements.

EthosEnergy Accessories and Components' extensive accessory repair and overhaul capability provides a one stop shop for all LM accessories.

Our Accessory Overhaul services include overhaul, exchange, upgrade, optimization and supply of:

- VALVES, Bleed air, fuel, control, servo and staging
- PUMPS, Fuel, hydraulic, lube and scavenge
- ACTUATORS, VSV, IGV and VBV
- STARTERS, pneumatic and hydraulic
- CONTROLLERS, fuel, hydraulic and variable position
- SKID VALVES, gas, liquid and water

EthosEnergy is a leading independent service provider of rotating equipment services and solutions to the power, oil & gas and industrial markets. Globally, these services include facility operations & maintenance; design, manufacture and application of engineered components, upgrades and re-rates; repair, overhaul and optimization of gas and steam turbines, generators, pumps, compressors and transformers; delivery of gas turbines and generators, and supply of overhauled and warranted equipment on a FAST TRACK basis.
